

Supplemental Reimbursement Program for Low Power TV and Translator Stations

LP or Translator Stations

Eligibility Requirements

- Station must have been initially displaced by T-Mobile's deployment prior to the FCC's Post-Incentive Auction special displacement window that opened on 4/10/18.
- The permanent channel assignment must be a result of the station having filed a displacement application in the Post-Incentive Auction special displacement window (4/10/18-6/1/18).
- Channel applied for in the special displacement window must be for the same channel granted under the STA whenever possible. Moving to a different channel via the special displacement process must be per FCC requirement and not based on station preference.
- If a new transmitter was required to be purchased for the station's pre displacement window displacement it must be frequency agile.
- Antenna reimbursement will be based on the antenna type (narrowband vs. broadband) that was in use prior to the stations first channel move.
